REAL ESTATE TRANSACTIONS

One of the most important deals recently made in Central Kentucky real estate circles was consummated Tuesday when Henry S. Caywood, of North Middletown, associated with Thomas Brock and Judge Hardwick, both of Clark county, purchased the Fields Van Meter farm in Clark county, comprising 1,100 acres, for which they paid a sum approximating \$500,000. The farm, which is located near Renick station, on the Louisville & Nashville, adjoins the Renick farm and that of Prewitt VanMeter. It was stated yesterday that it is the intention of the new owners to build three large tobacco barns on the farm, which will be planted in tobacco the coming season. It will then be divided into three tracts and placed on the market.

Prof. E. M. Costello has sold his farm of twenty-seven acres, located near North Middletown, to Roy King, for \$11,000. He also sold five acres to John T. Collins for \$2,500. T. H. See bought of Charlton Wells eight acres of unimproved land located near North Middletown for \$3,300. Mr. See sold his North Middletown home to Mrs. William Huffaker for \$3,500. Mrs. Huffaker sold her home in North Middletown to Carlton Wells, for \$2,500. Mrs. Rena Campbell purchased of Miss Ida Arkle two acres of land lying on the Bethlehem pike, near Paris, for \$4,000. U. S. G. Owens, of Fayette county, purchased privately of Roscoe Carmichael, the latter's sixteen-acre farm located near Clintonville, for \$9,500.

FISCAL COURT PROCEEDINGS

The February term of the Bourbon Fiscal Court convened in the County Court room yesterday, with a full Board of magistrates present, and Judge George Batterton presiding. A large number of claims against the county were allowed and ordered paid. The sum of \$2,657 was allowed farmers of the county for sheep killed by dogs. The report of County Road Engineer Ben F. Bedford for the month of January was read and filed. The County Road Engineer and Catesby Spears were appointed a committee to purchase the following machinery for the county: Three 5-ton trucks; one 10-ton roller; three sprinklers; one sand spreader; two 10,000-gallon oil tanks. They were also given full supervision of building the new garage at the county rock quarry in East Paris, with power to accept or reject bids. The Court adjourned to March 3.

RELIGIOUS.

At a meeting of the Mission Circle of the Christian church, Tuesday, Miss Helen Hutchcraft gave a report of her work as one of the National Y. W. C. A. Secretaries for foreign students. She told of the Student Volunteer Convention held last month in Des Moines, Iowa, a gathering of over 7,000 students. Miss Hutchcraft had as her special charge at the convention 123 young women from foreign countries, who are at present studying in the colleges and universities of the United States. The Y. W. C. A. selected this group as being the most representative of the 1,500 foreign women students in the United States, among whom they do work, and invited them to be guests of the Y. W. C. A. at the convention. Twenty nationalities were represented in this group of 123, including French, Swiss, Dutch, Swedish, English, Scotch, Russian, Greek, Persian, East Indian, Korean, Japanese, Chinese, Armenian, native and Dutch African, several nationalities from South America, Philippine and Mexican.

SWISS BELL RINGERS ENTERTAIN LARGE AUDIENCE

The Swiss Bell Ringers, a musical organization of superior excellence, delighted and pleased a large and representative audience of music-lovers at the Paris High School Auditorium, Wednesday night. The program was a varied one, comprising popular and classical selections, all rendered in an artistic manner.

Just now that celebrated "Face on the Barroom Floor" is the expressive visage of John Barleycorn.

TOBACCO MARKETS

A better tone prevailed on the Paris market in Tuesday's sale. There was a large quantity of low grades in the sale which cut the floor averages materially. Good types of cigarette quality and color brought high prices for all offered. Receipts were heavy, and many wagons remained on the street unloaded because the warehouse help could not get to them. A number of crops averaged into the eighties and nineties. The crop sold by T. W. Current was the average of \$100.04 a hundred pounds. A total of 231,905 pounds was disposed of at the Paris house of the Bourbon Tobacco Warehouse Company, for a money value of \$100,559.09, a floor average of \$43.36.

At the Independent house No. 3, the sales Wednesday reached a total of 116,819 pounds, bringing a revenue of \$46,884.93, a floor average of \$40.14. The offerings sold from four cents to \$1.30 a pound. All the houses are now capacity full, with enough on the floors to keep the auctioneers and warehouse hands busy far into the coming week.

The Bourbon Tobacco Warehouse Company finished the block sale at the Paris house Wednesday, selling a total of 60,895 pounds of tobacco for \$26,353.84, a floor average of \$43.65. The sale was again blocked in Warehouse No. 3. Some of the best crop averages were as follows:

Clay & Wagoner (No. 1), 1,580 pounds, average \$95.06.	
Clay & Wagoner (No. 2), 5,150 pounds, average \$56.42.	
J. W. Current, 1,885 pounds, average \$32.65.	
Layson & Humphries, 3,785 pounds, average \$71.96.	
Collins & Mastin, 3,420 pounds, average \$59.92.	
Medlin & Guy, 1,225 pounds, average \$59.98.	
Talbot & Speakes, 4,355 pounds, average \$97.01.	
Skinner & Yeary, 2,520 pounds, average \$65.65.	
Jones & Johnson, 2,175 pounds, average \$56.89.	
Alverson & Cameron, 1,755 pounds, average \$64.93.	
Renick & Oren, 3,600 pounds, average \$52.23.	
Linville & Son, 3,155 pounds, average \$50.77.	
T. S. Darnaby, 2,695 pounds, average \$55.31.	

SIDNEY ARDERY PASSES EXAMINATION AS PHARMACIST.

Sidney S. Ardery Jr., member of the Ardery Drug Co. of this city, has received official notice of his successful passing examination by the Kentucky State Board of Pharmacy, as a registered pharmacist, at a meeting of the Board held recently in Covington.

Mr. Ardery is a graduate of the Paris High School in the class of 1910. He then attended Center College at Danville, receiving a degree of B. S. in Chemistry in 1914. Shortly after graduating from college he engaged in the drug business with his brother, Fayette Ardery, at the old C. S. Clark & Co. stand in this city.

The Kentucky Board of Pharmacy requires four years' apprentice work in a drug store before one can take examination for registered pharmacist. After serving this apprenticeship Mr. Ardery has completed his course of training, and will continue to serve the public at the Ardery Drug Co.'s.

FRIVOLITIES OF 1920 AT PARIS GRAND.

To-morrow night the amusement-loving patrons of the Paris Grand will be favored with the appearance at that popular playhouse of one of the musical and comedy successes of the season, "The Frivolities of 1920." The company is headed by Ruth Goodwin and Billy Clark, both high-class comedians, supported by a company of undoubted excellence and a richly-costumed and thoroughly capable chorus, who can really sing and dance.

"The Frivolities of 1920" has been the subject of most favorable reviews in the Lexington papers. The advance sale is heavy, indicating the presence of a crowded house when the curtain goes up on the opening number. Tickets on sale now. Get yours before it is too late!

LET'S QUARANTINE AGAINST THIS KIND OF EXPERT.

Everybody in Paris is howling about the great increase in the amount of their gas bills for the month of January, including "us," and we generally take our medicine without a chirp. We understand, however, that an "expert" from St. Louis "helped" to read the meters for January (the month, not the Mayor) as the latter has been after the Gas & Electric Co. for many months. Let's have a home man to go the job hereafter. We don't like "furriners" for nothing, nohow. What do strangers know about our kind of meters, anyway?

Authorities are now investigating the delicate question of when cider ceases to be a soft drink and becomes a hard character among beverages.

CONTRIBUTE TO THE MASSIE HOSPITAL FUND.

When the campaign was inaugurated in this county for the many war activities that were necessary by the war, people remarked: "Well, it is a certain thing that old Bourbon county will go to the front when it comes to contributing to relief work." And Bourbon did. The same has been true of every movement having for its object the relief of suffering. The Red Cross, the Salvation Army, the Armenian Relief, the War Savings, the Thrift League, numerous others, all fared very substantially at the hands of the people of Paris and the county. It becomes a matter of pride with our people to say, "We will go over the top in this matter."

There is now in progress a campaign for the Massie Memorial Hospital in this city, an institution that needs no newspaper boosting, for the good it has done and still can do. The solicitors have been busy every day, giving impartially and unselfishly of their time and talents in the campaign to raise funds for the Hospital. They have met with a generous response, but there is still a great need of money for the work. Give as liberally as you can, and help the work. The Hospital is in desperate need of funds, and it is now in your power to do good. The following is an additional list of contributors to the fund since the last list published:

Mr. Will H. Farley, expert lecturer, will tell by means of stereopticon slides and motion pictures the causes of failure in retail business, and explain some of the latest methods of storekeeping. One of the features of the lecture will be that part devoted to newspaper advertising. The writing of newspaper advertisements, their value to the retail merchant, and the necessity for advertising continually will be taken up, and explained in detail. In a like manner, the question of window display, perfection of a store organization, and other interesting topics will be discussed.

In addition, the three-reel feature film, "Troubles of a Merchant, and How to Stop Them," will be given for the first time in this city. WAR HERO GETS BACK OLD VIGOR

Starts Each Day Filled With Energy Since Taking Vola-Tonic

"I start each day filled with new vigor and energy since I have been taking Vola-Tonic," said Irvin V. Taylor, 1119 York street, Newport, Ky.

Mr. Taylor is a former regular army soldier and served during the World War. He is shown here in uniform.

"My health was very poor before I took Vola-Tonic. My nerves were out of order and my stomach troubled me.

"I just had to wear myself out before I could get sleep at night and even then my sleep didn't do me any good. I got up feeling dull and listless and cross.

"Indigestion troubled me badly and I had constipation to such an extent that I suffered from bursting headaches.

"Remarkable as it may sound, Vola-Tonic relieved my indigestion almost at once. The constipation is gone also and those bursting headaches have disappeared.

"I sleep soundly every night now, too, and it is the kind of sleep and rest that refreshes a person."

Vola-Tonic, "Builder of Strength," is the medicine that has created such a sensation at Cincinnati. It is a wonderful strength-builder and helps all over.

PERIODIC BILIOUS ATTACKS

Persons subject to periodic bilious attacks will observe that their appetite fails them just before an attack. That is, they do not really crave food, but eat because it is meal time. If they will eat only a light meal and no meat, then take two of Chamberlain's Tablets the attack may be avoided. (feb-adv)

DON'T BE MISLED

Paris Citizens Should Read and Heed This Advice.

Kidney trouble is dangerous and often fatal. Don't experiment with something new and untried.

Use a tested kidney remedy. Begin with Doan's Kidney Pills. Used in kidney troubles 50 years. Recommended here and everywhere.

A Paris citizen's statement forms convincing proof.

It's local testimony—it can be investigated.

Mrs. Charles McCord, S. Pleasant street, says: "I have used Doan's Kidney Pills at different times, getting them from Oberdorfer's Drug Store and I have found them a splendid kidney remedy. Whenever my kidneys have acted irregularly or my back has been weak and lame, I have found a box or so of Doan's Kidney Pills sufficient to cure me of the attack."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McCord had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

DOLLARS AND CENTS

Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself. In fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months. (feb-adv)

CHRONIC CONSTIPATION.

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation. 10 Baby Farms

At Auction Saturday, February 14th

AT 1:30 O'CLOCK P. M.

On the premises, one mile from Paris, on the Clintonville pike, and known as the Clarence Wright land, and is in old blue grass sod, and has been purchased by Matt Lair and Stuart Haggard, who have laid the farm out in small tracts and will be sold as offered and the purchasers will be sure to get what they buy.

No. 1 has 4.621 acres, all in old sod.
No. 2 has 4.751 acres all in old sod.
No. 3 has 4.939 acres, all in old sod.
No. 4 has 5 acres, all in old sod.
No. 5 has 5.368 acres, all in old sod.
No. 6 has 5.470 acres, all in old sod.
No. 7 has 5.587 acres, all in old sod.
No. 8 has 5.880 acres, all in old sod.
No. 9 has 6.334 acres, nearly all in old sod.
No. 10 has 6.940 acres, nearly all in old sod.

Immediately after selling the 10 baby farms we will sell the 11th tract, which contains 45.890 acres and is in corn and wheat stubble and adjoins the above small tracts. All of them face on the Clintonville pike. Each and every one has a beautiful house site. There is no use trying to explain to you just how much you can make off one of these small farms. All we have to do is to say that this land has been lying in old blue grass sod for several years and you can be the judge.

Now we are going to sell the above tracts as follows: No. 1 will be sold first and the purchaser of No. 1 will have the right to purchase No. 2 at the same price as paid for No. 1, and this will prevail throughout the sale. This is done in order that if one thinks he can handle more than one tract, naturally he would want them together. We have subdivided in a way that every investor, no matter how small, can avail himself of this rare opportunity to own a farm.

The terms are 10% cash on day of sale, 23 1/3% on March 1st or before, and the balance of two-thirds may be made in one and two years, deferred payments to bear interest at the rate of six per cent., with lien against the land, or the purchaser can pay all cash or as much above one-third as he desires.

For further information, apply to

Matt Lair and Stuart Haggard, Owners
or Harris & Speakes, Paris Realty Co. or Bishop & Flora, Agents

Any of the above will take pleasure in showing the property.

REGARDING SUNDAY OPENING OF THE MOVIES.

The suggestion conveyed in the last issue of THE NEWS regarding the possibility of opening the movie houses on Sunday afternoon seems to have struck a popular chord among Paris people. THE NEWS has been the recipient of many congratulations upon taking the matter up and many of them were from people who are regular church attendants. One Paris woman said: "There could be no possible objection to such a picture program, provided the subjects were in keeping. Such educational pictures as have been exhibited at the Grand recently, notably the Screen Magazine, the Prizma pictures, the Holmes travel pictures, and others that might be named, would not be objectionable. I hope the movement will be successful, and that we can have the Sunday movies as well as other places. If we permit Sunday afternoon "sacred concerts" we can stand the movies, I think, without seriously straining our morals."

WHAT A WELL-KNOWN KENTUCKY WOMAN SAYS

MRS. STELLA WHITE, 514 Wilkerson St.

Advice for Mothers

Covington, Ky.:—"For the expectant mother there is no tonic in the world so beneficial as Dr. Pierce's Favorite Prescription. I took this medicine for several months during expectancy and had comparatively no suffering. My baby was strong and hardy and I had no after trouble. I also took Dr. Pierce's Pleasant Pellets to keep my system regulated and I believe that they prevented hemorrhoids for I always had this trouble when I had not taken the 'Pellets'. It is a pleasure to recommend such satisfactory and reliable remedies as Dr. Pierce's and I have no hesitancy in sending my testimonial."—MRS. LYDA OCHS, 128 E. 13th St.

"Weak and Nervous"

Lexington, Ky.:—"Dr. Pierce's Favorite Prescription is by far the best medicine for women that I have ever taken. I do not know of a medicine I could recommend for a woman to take as I can this medicine. I have taken it to build me up when run-down and in a nervous state and consider it the best nerve builder and the most lasting of any I ever tried. 'Favorite Prescription' is excellent for women to take during expectancy also during middle life; in fact, it is a perfect woman's medicine and is worthy of any praise I can give it."—MRS. ELLEN FRONK, 608 Breckenridge.

BACK TO THE OLD MELODIES

Jazz is dying a natural death, according to the reports. It is still heard in many of the cabarets, especially the cheaper ones, but the latest and "most fashionable" songs are in the nature of the old-time melodies, and far removed from the jazzing that crazed the world of Broadway a few brief months ago.

It would be a glorious thing for the gray haired people of this country to have the song and music writers adopt the slower, sweeter melodies of the past, or something akin to them. We believe that it would also rejoice the hearts of the younger generation, for while there is something about jazz music which stirs the jungle blood of youth there is more in the softer strains of the dreamy music of fifty years ago. It may be pleasant to hear that which reminds one of the shade of the forests and the moan of a dying enemy of another tribe—like jazz—but the soothing harmony of the twilight of the Nile as it ripples into the sea is also comforting.

SPENT EVERY OTHER DAY IN BED SIX YEARS

But Paris Woman Never Has Sick Headache Since Taking Vola-Tonic

"For six years I spent every other day in bed with the sick headache, but since I've been taking Vola-Tonic I haven't had a single attack of sick headache," said Mrs. Florence Parker, of 246 Harmon avenue, Paris.

"My nerves were all torn to pieces. I couldn't sleep at night or get the proper rest. My body would tingle all over at times like a person's hand or foot tingles when it goes to sleep.

"I couldn't find anything that would help the headaches or my nerves.

"Vola-Tonic has brought me wonderful relief. I haven't had a single attack of the sick headache since I started taking Vola-Tonic and my nerves are improved greatly, also. I can go to sleep at once when I go to bed at night now and I get good rest.

"I am glad of the opportunity to recommend such a medicine as Vola-Tonic."

Vola-Tonic, "Builder of Strength," brings the weakened, run down man or woman a good appetite and good digestion. It helps the stomach take strengthening nutrition from food to nourish and build up the body all over. Vola-Tonic also helps the nerves and permits sound, energy-restoring sleep at night. As a result, full normal strength and health soon returns to the weakened, run down man or woman.

Vola-Tonic, "Builder of Strength," is being specially introduced in Paris by Varden & Son, druggists. (adv)

Big Value in Tires for Small Cars

Back of the manufacture of Goodyear Tires for small cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3, 30x3 1/2, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that, if you own a Ford, Chevrolet, Dort, Maxwell or other car requiring the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread..... \$20.00

30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water—\$3.90 proof bag.

MARINE SERGEANT FOUGHT FOR BREATH

Was So Run Down He Could Hardly Dress Himself—In Perfect Health Now, He Says.

"It has taken only one bottle of Tanlac to put me back on my feet feeling like a new man," said Alfred A. Wells, of 628 North Eighth street, Richmond, Va., a sergeant in the Marine Corps, stationed at the recruiting office in Richmond.

"I was in a bad fix when I began taking Tanlac," continued Mr. Wells, "and I was so weak I could hardly dress myself of mornings. I had such a poor appetite that I did not care whether I went to the table or not, and the little I did eat disagreed with me. The pains in my stomach were something awful and gas would press up around my heart until I thought I would smother and I would just have to fight to get my breath. At times the gas would cause shooting pains in the region of my heart, and I would get so dizzy I would have to hold on to something to keep from falling over. I was badly constipated and could get but little relief from laxatives. I was so nervous that the least unexpected noise would excite me, and it was next to impossible for me to get any sleep. I would roll and tumble and would be uncomfortable in every position I tried, and when morning came you can imagine how completely tired-out I was.

"This was the condition I was in when I started taking Tanlac, but, it is a fact, I began to feel better after the first few doses, and I kept on improving so fast that by the time I finished my first bottle I was absolutely in perfect health. I eat everything I please and as much as I please and am never troubled with indigestion in any form. I am entirely free of nervousness and I am no longer constipated. When I go to bed now, I sleep all night long as sound as a child and of mornings I just simply feel fine. I certainly have cause to praise Tanlac and I give it my hearty endorsement without hesitating one minute."

Tanlac is sold in Paris by the Peoples' Pharmacy. (adv)

TRY TO STOP GREAT NATURAL GAS WASTE.

Means of curtailing the present enormous waste of natural gas by consumers as well as in the fields and in transmission will be considered at a conference of State Governors, public utility commissioners, geologists, operators of natural gas properties and appliance manufacturers, called by Secretary Lane to convene in Washington.

Mr. Lane, in a letter to those invited to the conference, said domestic consumers waste more than 80 per cent. of the natural gas received. The efficiency of most gas appliances, he declared, could be "trebled," and it should be possible to curtail greatly waste in the fields.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lazy liver favor colds, influenza and serious complications.

To cut short a cold overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger.

Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

PAPER SEES THEATRE NEXT REFORM TARGET.

Concern lest the theatre be next attacked by "prohibition" reformers is expressed in the current number of Equity, the official organ of the Actors' Equity Association, circulated in New York.

"The hectic spirit of 'reform' is in the air," says the publication. "The lottery evil had to go; horse racing faces the prospect of being completely suppressed; dancing in public places has been interfered with as a reputed evil; 'the evil of smoking' is being made much of, and the theatre must be prepared to be singled out as the next on the list of 'social excrescences' to be attacked."

GASOLINE TAKES ANOTHER JUMP.

Gasoline has taken another upward jump. Effective Sunday, the price was advanced one cent per gallon, according to advices received by the local branch agency of the Standard Oil Company. This is the second advance of one cent in the last fifteen days, and the third advance since December. The upward tendency of crude oil is given as the cause of the increase, and it is predicted by those in a position to know that both crude oil and gasoline will go much higher by July 1.

The Moon and the Horizon.

According to astronomers it is owing to the atmosphere and the fact that lying low in the line of the earth it is unconsciously compared with other objects, that makes the moon look larger. Just as soon as the moon rises in the heavens and we look up to it without intervening or surrounding objects, it diminishes in apparent size.

When a sheep was being shorn on an Australian farm a starling's nest with one egg was found in its wool.

COMRADES ALL!

One of the criticisms sometimes made of fraternal societies is that they breed selfishness and lead to partiality. Members are sometimes accused of pulling wires for the advancement of one of their number when someone else not a member of the society is more worthy of promotion and more entitled to support. There is one such organization against which no such charge will lie, although the members will "go the limit" in helping one another when it is not to the advantage in preference to someone else who does not deserve to be discriminated against.

The American Legion puts the welfare of the United States above that of its members, and the Legionnaires demonstrated that this profession on their part was not an empty vaunt when they offered their lives to the country during the war.

There should not be any misunderstanding, therefore, of movements in the Legion such as that now under way to find positions for unemployed members. Brothers in arms, the Legionnaires are now comrades in civil life, and as such naturally will do what they can to promote their mutual welfare. But while the former soldiers are clannish, they are not selfish, and no apprehension need be entertained that in advancing one another's interests they will do so at the expense of the rest of the people. Their fundamental tenets prohibit such a course.

"KILL-JOYS"

Constipation, Headache, Colds, Biliousness ended with "Cascarets"

Nothing takes the joy out of life quicker than a disordered liver or waste-clogged bowels. Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and stomach sour. Why not spend a few cents for a box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like Salts, Oil, Calomel or harsh pills. They work while you sleep. (adv)

—Our little city was filled with consternation Tuesday morning, when it was learned that there were several cases of flu, scarlet fever and mumps at the M. M. I., and that school would adjourn indefinitely at noon. As soon as school adjourned the streets were full of cadets, many of them going into the various business houses. Two nurses are employed in the M. M. I. to take care of the sick, who were not able to go to their home. The main thing for which Col. Best is condemned is in permitting the cadets to go about over the town after they were dismissed at noon Tuesday. While the ban was on in 1918 and 1919, Col. Best kept his school under strict quarantine. The student body were not allowed on the streets except when out on a hike, and no one was allowed to enter the grounds. In this Col. Best was successful and the flu was prevented from entering the institution. We regret exceedingly that it was necessary for the school to close. There is no reason under existing circumstances why we should not have an epidemic of both flu and scarlet fever, as both are prevalent in the institution and as quite a number of our boys were day pupils and many of them boarding students.

A message was received here yesterday announcing the death in Louisville, Wednesday night, of Matthew Hume, aged twenty-eight, son of the late Lan Hume, of Paris. Young Hume underwent an operation at one of the Louisville hospitals, from the effects of which he could not rally, death ensuing Wednesday night. The body was shipped to Paris, his old home, last night. The funeral will be held this (Friday) afternoon at 2:30 o'clock, with services conducted at the grave in the Paris Cemetery by Rev. W. E.
